

<b>Job Description</b>	<b>Creation date: January 2026</b>
<b>Technician - Carbon Fibre Manufacturing</b>	

**Reporting to:** Value Stream Lead

**Summary of Business:**

At Multi Ply Components Ltd, we have over 35 years of experience at the forefront of carbon fibre manufacturing. We proudly support the med-tech industry by supplying advanced, life-changing x-ray imaging components to leading global medical corporations. Our expertise extends to supporting the wider composites sectors producing unique, high-performance engineered components and assemblies for Marine, Automotive and wider industrial applications.

**Summary of Role:**

Reporting to the Value Stream Leader and working as part of a supportive team, the Technician would be responsible for manufacturing a wide range of complex parts.

**Key Tasks and Responsibilities:**

- Layering pre-cut, pre-preg sheets of material on to an aluminum tool to create a specific component for a customer (referred to as “Laminating”)
- Following specific work instructions and Standard Operating Procedures (with full training provided by an experienced Laminator)
- Preparing laminated components for the autoclave; this involves wrapping the component in protective material and positioning it in a vacuum bag.
- Assisting with loading and unloading Autoclave as and when required
- Inspecting completed components to ensure they meet the required standard before they leave the department
- Ensuring that the components are properly protected for transportation to the next department
- Responsible for maintaining all tools to a satisfactory condition and always ensuring adherence to health and safety requirements
- Maintaining a safe and clean working environment
- Governance and compliance to company policies; all statutory regulations, QHSE and HR procedures.

**Key Skills:**

- Enjoys hands-on work and takes pride in doing tasks carefully and accurately
- Naturally detail-oriented and reliable
- Listens well and follows both verbal and written instructions
- Always keen to learn new skills and improve
- Comfortable and safe using hand tools such as scissors and retractable knives
- Communicates clearly and positively with others
- A friendly, fun team player who is helpful, flexible, and cooperative

**Our Values:**

- Teamwork
- Respect for each other
- Ensure Quality
- Take pride in my work
- Customer focus

**What we can offer you:**

- Excellent work life balance (4 days per week)
- 25 days annual leave entitlement (full time), plus statutory bank holidays.
- Employee Referral Programme.
- Company organised activities both onsite and offsite.
- Financial/Wellbeing Advice and Assistance through our Employee Assistance Programme including CBT sessions.
- Company Pension Scheme.
- Excellent on-site facilities.
- Free on-site parking and electric car charging points.
- Collaborative, friendly and fun working environment.

***The Post holder is expected to work flexibly within the role and the business. Please note you may be expected to support other departments in the business, full training will be given. It is expected for the post holder to carry out activities for which they are competent.***
